Product Release **1/10/06**

San Rafael California ... Stage 8 Fasteners Inc.

Contact: Glenn Thompson 415 485 5340

For Immediate Release:

Stage 8 Locking Fasteners 20 years no failures with tech support and customer service second to none. **Stage 8 Locking Fasteners** have fitments for most popular domestic and import vehicles and are available in an extensive list of application specific kits. The unique patented and trademarked functional design is just three pieces: a bolt (4130 Alloy Steel), a locking retainer and a spring clip or depending on the application a nut, a locking retainer and a spring clip. Critical parts are easily secured. Vibration, stress conditions, and constant wide temperature swings will no longer loosen vital components.

Call for a catalog 1 800 843 7836 or visit www.stage8.com for further information.
